 - c. Report from Dr. Charlie, Head Administrator
 - i. In PD this week, we're working on our SAT processes.
 - ii. We're interested in improving how we're serving our lowest students.

- iii. Next year, I'm interested in some tweaks to our daily schedule to allow for more time for differentiated core class support.
- iv. I'm also interested in focusing on getting counseling services for year two. We have a number of youth who would benefit from that.
- v. We're talking about the outreach we need to do as a school to our families. We need to improve the frequency and consistency. I'd like to do more parent nights, like a night to teach families about Restorative Practices or about Google Chrome or about our mission. We still get too many people who push back on our model because they don't understand it, especially our discipline model. We need to engage our parents in our model and our philosophies more. They've been in traditional public schools with a zero tolerance model for many years, and this is a big adjustment.
- vi. We need to engage parents in the JOM committee, Indian Education committee, Safety Plan committee.
- vii. We're in the middle of implementing the Tripod Survey and the winter NWEA right now.
- viii. We've had some issues with proving guardianship of children when people are enrolling. We're working on improving our intake process that shows proof of legal custody.
- ix. Everything right now is about building systems for staff and continuing to build our student culture.
- x. In terms of restorative practices, we're working to make sure all adults in the building understand the model well.
- xi. Finally, Ms. P got a grant award today from Billy Mills' foundation—the Running Strong Dream Keeper Award—for us to take an end of year trip to Mount Taylor.

VI. Action Items

- a. Potential action regarding changing the Governing Council Bylaws to reflect a once-monthly rather than twice-monthly meeting.
 - i. Keep in mind the by-laws set the floor. We can change it to read once a month and still meet more than that as long as we follow Open Meetings Act law.
 - ii. It seems like we're at a point when the school can handle once a month. Committees need to be meetings once a month also.
